DETAILED ACTION

1. Claims 26-28 and 31-34 are directed to an allowable method. Pursuant to the procedures set forth in the Official Gazette notice dated March 26, 1996 (1184 O.G. 86), claims 26-28 and 31-34, directed to the process of making, previously withdrawn from consideration as a result of a restriction requirement, are now subject to being rejoined. Claims 26-28 and 31-34 are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Since all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, the restriction requirement made in the Office action mailed on 10/16/01 and 12/16/02 are hereby withdrawn.

2. The following is an examiner's statement of reasons for allowance:

The application is allowable as noted in the appeal brief that the wiring patterns are physically on the surface of the insulating substrate and connect together at least two locations on the substrate without requiring any metal pads, since the pads are not an insulating substrate.

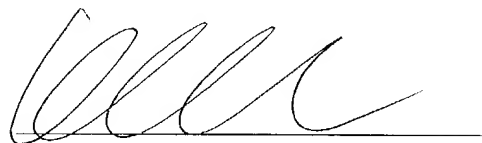

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
